

Reiki 2nd Degree Class

with Brian Brunius

Extending Your Practice Across Time and Space

For those who feel ready to study the 2nd degree, please be aware that at least three to six months must have elapsed since you took the first degree class, and you must be practicing self-treatment regularly. This is to ensure that you are ready for the increased energy that will come to you in second degree. Please call if you have any questions about whether you are ready.

In the 2nd degree we will introduce three new Reiki skills and three symbols to your practice:

- Increasing the flow of energy to areas where your client needs it.
- Working on mental and emotional issues, and supporting your client in changing patterns of thought.
- Sending Reiki to people and places at a distance, to manifest your intentions, and to future events.

(If you registered and paid online, you DO NOT need to complete and mail this form.)
